With respect to the Material Contracts, except as set forth in Schedule 2: (i) all Material Contracts are in full force and effect; (ii) Seller is not in breach or default, and there has occurred no event, fact, or circumstance that, with the lapse of time or the giving of notice, or both, would constitute such a breach or default by Seller, with respect to any of its obligations under any Material Contract; (iii) to Seller's Knowledge, no other party is in breach or default with respect to any of its obligations under any Material Contract; and (iv) neither Seller nor, to Seller's Knowledge, any other party to any Material Contract has given or threatened to give notice of any action to terminate, cancel, rescind, or procure a judicial reformation of any Material Contract or any provision thereof.

(j) That (i) there are no calls on production, options to purchase, or similar rights in effect with respect to any portion of Seller's share of the Hydrocarbons, and all Contracts for the sale of Hydrocarbons are terminable without penalty on no more than ninety (90) days' prior notice, (ii) Seller is currently receiving the prices provided for under such sales Contracts with respect to the Hydrocarbons; (iii) all proceeds from the sale of Hydrocarbons attributable to the interests of Seller in the Properties have been and are being disbursed to Seller under appropriate division orders, transfer orders, or similar documents signed by or otherwise binding on Seller, and no portion of any such proceeds is being held in suspense, subject to a Claim for refund by the purchaser, used as an offset or as collateral for other obligations (whether disputed or undisputed), or otherwise not being paid to Seller as it becomes due in the ordinary course of business.

(k) Seller does not have a Claim constituting an Asset, and is not subject to any obligation constituting an Assumed Liability, with respect to any Imbalance that relates to any of the Assets. Seller has not been, nor will be after the Effective Date, obligated by virtue of any prepayment made under any sales Contract or other Contract containing a "take-or-pay" clause, or under any production payment, forward sale, balancing, deferred production, or similar

arrangement, to deliver Hydrocarbons produced from or allocable to any of the Properties at some future time without receiving full payment therefor at or after the time of delivery.

(l) Except with respect to those Property-Related Taxes prorated between Seller and Buyer as provided in Section 8.5, during the period of Seller's ownership of the Assets, all Property-Related Taxes imposed or assessed with respect to, measured by, charged against, or attributable to the Assets, or the ownership thereof, or the production, processing, gathering, treatment, transportation, and marketing of Hydrocarbons therefrom or allocable thereto that became due and payable prior to the Effective Date have been properly paid.

(m) Seller has not incurred any liability, contingent or otherwise, for brokers' or finders' fees relating to the Transactions for which Buyer shall have any responsibility whatsoever and Seller covenants and agrees to indemnify and hold Buyer harmless from any liability, contingent or otherwise, for brokers' or finders' fees relating to the Transactions. Seller shall be solely responsible for the payment of any brokers' or finders' fees to the extent agreed in writing by Seller with any such broker or finder.

(n) To the extent required by applicable Laws and the Leases, all royalties payable prior to the Closing Date have been timely paid.

(o) Seller has taken all steps necessary to determine and has determined that no Hazardous Substances (as defined in the Applicable Environmental Laws) (i) have been disposed of or Released on or onto the Properties, (ii) or, if generated, on the Properties have been disposed of offsite in violation of Applicable Environmental Laws or at any site listed or proposed for listing on the National Priority List (as such term is defined under CERCLA) or similar lists created pursuant to any state analog to CERCLA. Without limitation of the foregoing, to Seller's Knowledge, there are no leaking underground storage tanks which are or previously were in operation, surface impoundments, disposal pits or waste ponds or lagoons, or Hazardous Materials on, in or under such Properties. Seller has not received written notice of any Claim that Seller is a potentially responsible party at any site included, or proposed for inclusion, on the National Priority List (as such term is defined under CERCLA) or similar lists created pursuant to any state analog to CERCLA.

(p) The special warranty of title contained in the conveyance and the express representations and warranties of Seller contained in this Section 3.1 and otherwise in this Agreement (collectively "Seller's Warranties") are exclusive and are in lieu of all other representations and warranties, express, implied, statutory or otherwise. Seller expressly disclaims any and all other representations and warranties. Without limitation of the foregoing and except for Seller's Warranties, the properties shall be conveyed pursuant hereto without any warranty or representation, whether express, implied, statutory or otherwise, relating to any material, information or documents which originated with third parties and to which Seller had no control over. Buyer shall have inspected, or waived (and upon closing shall be deemed to have waived) its right to inspect, the properties for all purposes and satisfied itself as to their physical and environmental condition, both surface and subsurface, including but not limited to conditions specifically related to the presence or release of hazardous material, including hazardous substances, solid wastes, asbestos and other manmade fibers, or naturally occurring radioactive materials, save and except for Seller's Warranties. Except for the Seller's

Warranties, Seller further disclaims any representation or warranty, express, statutory or implied, of rights of a purchaser under appropriate statutes to claim diminution of consideration or return of the purchase price, it being expressly understood and agreed by the Parties hereto that Buyer shall be deemed to be obtaining the properties in their present status, and condition, "as is" and "where is" with all faults or defects (known or unknown, latent, discoverable or undiscoverable), and that Buyer has made or caused to be made such inspections as Buyer deems appropriate. Seller covenant and agrees to take all actions necessary to designate Buyer or its designee as operator of the Assets, Leases and Wells as of the Closing Date. Seller and Buyer agree that, to the extent required by applicable Laws to be effective, the disclaimers of certain representations and warranties contained in this Section 3.1 are "conspicuous" disclaimers for the purpose of any applicable Laws.

3.2 Representations and Warranties of Buyer. Buyer represents and warrants to Seller as follows:

(a) Buyer is a company duly organized, validly existing, and in good standing under the Laws of the State of Texas and is qualified to do business in each jurisdiction where the Properties are located. Buyer has all requisite power and authority to own and operate its property and to carry on its business as now conducted.

(b) Buyer has full capacity, power, and authority to enter into and perform its obligations under the provisions of this Agreement and the Transactions. The execution, delivery, and performance by Buyer of the terms of this Agreement have been duly and validly authorized and approved by all necessary action of Buyer, and this Agreement and the other Transaction Documents are, or upon their execution and delivery will be, the valid and binding obligations of Buyer and enforceable against Buyer in accordance with their terms, subject to the effects of bankruptcy, insolvency, reorganization, moratorium, and similar Laws, as well as to principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

(c) The execution, delivery, and performance by Buyer of the terms of this Agreement and the consummation of the Transactions will not (i) conflict with or result in a breach of any provision of the organizational documents and other governing documents of Buyer, (ii) result in a default or the creation of any Lien or give rise to any right of termination, cancellation, or acceleration under any of the terms of any note, bond, mortgage, indenture, license, or other agreement to which Buyer is a party or by which Buyer or any of its property may be bound, or (iii) violate any order, writ, injunction, judgment, decree, or Laws applicable to Buyer or its property.

(d) There is no Claim by any Person or Governmental Authority (including, without limitation, expropriation or forfeiture proceedings), and no legal, administrative, or arbitration proceeding pending or, to Buyer's Knowledge, threatened against Buyer, or to which Buyer is a party, that reasonably may be expected to have a material adverse effect upon the ability of Buyer to consummate the Transactions.

(e) No authorization, approval, exemption, franchise, permit, or license of, or filing with, any Governmental Authority or any other Person is required to authorize, or is

otherwise required in connection with, the valid execution and delivery by Buyer of this Agreement or the performance by Buyer of its obligations hereunder and thereunder.

(f) Buyer has not incurred any liability, contingent or otherwise, for brokers' or finders' fees relating to the transactions contemplated by this Agreement for which Seller shall have any responsibility whatsoever and Buyer shall indemnify and hold Seller harmless therefrom. Buyer shall be solely responsible for the payment of any brokers' or finders' fees to the extent agreed in writing by Buyer with any such broker or finder.

ARTICLE IV. DUE DILIGENCE AND ENVIRONMENTAL

4.1 Review By Buyer. Should, as a result of Buyer's examinations and investigations, or otherwise, one or more matters come to Buyer's attention which would constitute a Defect (as below defined), and should there be one or more of such Defects which Buyer is unwilling to waive and close the Transactions notwithstanding the fact that such Defects exist, Buyer shall notify Seller in writing of such Defects (such Defects of which Buyer so provides notice are herein called "**Asserted Defects**") within three (3) Business Days after the same are identified by Buyer, but in no event later than one (1) Business Day before the Closing Date ("**Defect Deadline**"), unless the Asserted Defect is identified after the Defect Deadline, in which case Buyer will notify Seller in writing of such Defect within 72 hours of its identification. Such notification shall include, for each Asserted Defect, (a) a description of the Asserted Defect, and supporting documentation as reasonably available to Buyer as reasonably necessary to fully describe the basis for the Defect, or if the supporting documentation is contained in Seller's files, sufficient information to enable Seller to expeditiously locate such supporting documentation, (b) a description of each Property to which the Defect relates and, if applicable, the size of any variance from "Net Revenue Interest" shown on **Exhibit B** which is claimed as a Defect, and (c) the amount by which Buyer proposes to adjust the Consideration. Any Defect with respect to which Buyer fails to so give Seller written notice by the Defect Deadline (or within 72 hours after its identification) with respect to Defects identified after the Defect Deadline) will be deemed waived for all purposes of this Agreement, including if applicable, as a condition to Closing. Except for as provided in **Section 7.1 and Section 7.3**, Buyer's sole and exclusive rights and remedies with respect to any matter that constitutes a Defect shall be those set forth in this **Article IV**. All access to Seller's records and the Assets in connection with such due diligence shall be subject and pursuant to **Section 5.5** and including, without limitation, the exculpation and indemnification provisions contained in **Section 5.5**.

4.2 Nature of Defects. The term "**Defect**" as used in this Section shall mean the following:

(a) Seller's ownership of Property is subject to a lien other than a lien for Taxes which are not yet due and payable. NRI or WI Variances. Seller's ownership of the Properties is such that, with respect to a well, PUD location or unit listed on **Exhibit B** hereto, it (i) entitles Seller, at any time during the production life of the Property involved, to receive a percentage share of the oil, gas and other hydrocarbons produced from, or allocated to, such well or unit which is less than the percentage share set forth on **Exhibit**

B in connection with such well or unit in the column headed “**Net Revenue Interest**” or (ii) causes Seller to be obligated, at any time during the production life of the involved, to bear a percentage share of the cost of operation of such well or unit greater than the percentage share set forth on **Exhibit B** in connection with such well or unit in the column headed “**Working Interest**” (unless the share of production from such well or unit to which Seller is entitled is proportionately larger than the “NRI” shown for such well on **Exhibit B**).

(c) A well that has been determined by relevant governmental authorities to be in material violation of Applicable Environmental Laws. Notwithstanding any other provision in this Agreement to the contrary, the following matters shall not constitute a Defect, or a breach of any covenant, representation or warranty of Seller or a failure to satisfy a condition to Buyer’s obligation to close and shall not be asserted as such: (a) defects or irregularities arising out of lack of proof of representative authority on behalf of a corporation, partnership, limited liability company, or trust, unless it appears that a signatory party may not have signed a document in the proper representative capacity; (b) defects or irregularities arising out of the lack of recorded powers of attorney from corporations to execute and deliver documents on their behalf or variation in corporate or entity name; (c) immaterial defects in acknowledgements or irregularities in acknowledgements; or (d) outstanding deed of trust and mortgage liens burdening the interests of any lessor under any of the leases, if subordinated to the leases (collectively, “**Permitted Encumbrances**”).

4.3 Seller’s Response to Asserted Defects. In the event that Buyer notifies Seller of Asserted Defects, Seller may (but shall have no obligation to) attempt to cure, prior to Closing, one or more Asserted Defects.

4.4 Resolution of Uncured Defects. In the event that, as a part of the due diligence reviews provided for in **Section 4.1** above, Asserted Defects are presented to Seller and Seller is unable or unwilling to cure such Asserted Defects prior to Closing, then Buyer and Seller shall, with respect to each Property affected by such matters, attempt to agree upon an appropriate downward adjustment of the Consideration to account for such matters; provided, however, that in the event Buyer and Seller are unable to agree on an adjustment to the Consideration, then Buyer shall have the right to terminate this Agreement pursuant to **Section 7.1**.

4.5 Plug and Abandonment Expenses. As of the Effective Date, all costs associated with plug and abandonment operations on Wells 12.1, 12.3A, 12.4, 12.5, 12.7, one water well and one conductor-rod hole; and all currently undrilled wells that may be drilled in the future by the Buyer on the Leases will be assumed by the Buyer and these plug and abandonment liabilities are specifically excluded from Seller responsibility. All responsibility concerning the plugging of any other wells or well holes existing on the Leases as of the Effective Date shall be retained by the Seller who shall indemnify, and hold Buyer harmless from, any liability, cost or loss incurred with regard thereto.

**ARTICLE V.
CLOSING**

5.1 Closing. The Closing shall be held at 4:00 PM CST on or before December 5, 2014. The date of the Closing, whenever it occurs as provided herein, is referred to herein as the "**Closing Date**."

5.2 Preliminary Settlement Statement. No later than three (3) Business Days prior to the Closing Date, Seller shall prepare and submit to Buyer a good faith preliminary settlement statement (the "**Preliminary Settlement Statement**"), which sets forth the Seller's estimate of the Adjusted Consideration, reflecting each adjustment and proration and its method of calculation made in accordance with this Agreement as of the date of preparation of such Preliminary Settlement Statement, together with the designation of the Seller's account for the wire transfers of such estimated Adjusted Consideration pursuant to Section 2.3. Buyer shall have the right to deliver to Seller written notice setting forth any changes to the Preliminary Settlement Statement proposed by Buyer prior to Closing.

5.3 Actions at Closing. At the Closing, Seller and Buyer shall take the following actions:

(a) Seller and Buyer shall each execute and deliver (i) the Conveyance, conveying all of the Assets, subject only to the Permitted Encumbrances, in sufficient counterparts to facilitate recording in all relevant jurisdictions and (ii) the Preliminary Settlement Statement.

(b) Buyer shall deliver to the Seller the balance of estimated Adjusted Consideration reflected in the Preliminary Settlement Statement, after deducting the amount of the Performance Deposit, by bank wire transfer of immediately available U.S. funds to Seller as to the amounts designated in the Preliminary Settlement Statement.

(c) Seller shall deliver to Buyer (i) releases of all Liens (if any) encumbering the Assets, (ii) transfer orders or letters in lieu thereof, on forms provided by Buyer, directing all purchasers of production to make payment to Buyer of proceeds attributable to Hydrocarbons produced from the Assets after the Effective Date, (iii) all consents, waivers, and other similar matters pertaining to the Assets obtained by Seller prior to the Closing, (iv) all undisbursed revenues that Seller is required to deliver to Buyer under Section 2.3 and (v) evidence to confirm that the Transaction and the parties executing the documents at Closing are fully authorized and empowered to act on behalf of Seller.

(d) Seller and Buyer shall execute such other documents and take such other actions as are provided for elsewhere in this Agreement or as may be necessary to consummate the Transactions and Buyer agrees to disburse to Seller Adjusted Consideration reflected in the Preliminary Settlement Statement.

5.4 Records. At the time of the Closing, pursuant to Buyer's reasonable instructions, Seller shall deliver to Buyer the Records. Buyer shall be entitled to all original Records affecting all of the Assets. Seller may make and retain, at its expense, copies of the Records prior to the delivery thereof to Buyer. Buyer agrees to maintain all Records until the seventh (7th) anniversary

of the Closing Date, or, if any of such Records pertain to a Claim pending at such seventh anniversary date, until such Claim is finally resolved and the time for all appeals has been exhausted. Buyer will provide to Seller reasonable access to the Records for purposes of obtaining information for the preparation of tax returns, financial statements, and other legitimate business purposes of Seller.

5.5 Exculpation and Indemnification. Buyer and the authorized representatives of Buyer shall at all times prior to Closing have the right of access to the Assets and the right to copy, analyze and study the Records. If Buyer exercises rights of access under this Agreement, or conducts examinations or inspections under this Section or otherwise, then (a) such access, examination and inspection shall be at Buyer's sole risk, cost and expense and Buyer waives and releases all claims against Seller (and its affiliates and the respective directors, officers, employees, attorneys, contractors, agents and successors and assigns of such parties) for physical injury arising in any way therefrom or in any way connected therewith unless caused by the gross negligence or willful misconduct of Seller, and (b) Buyer shall indemnify, defend and hold harmless the Seller from any and all such claims, actions, causes of action liabilities, damages, losses, costs or expenses (including, without limitation, court costs and attorney's fees) arising out of any such physical injury, but only to the extent caused by Buyer's gross negligence or willful misconduct.

ARTICLE VI. POST CLOSING MATTERS

6.1 Settlement Statement. On or before sixty (60) days after the Closing Date, Seller will prepare a final accounting statement, subject to verification by Buyer, which sets forth the final calculation and amount of the Adjusted Consideration (including all adjustments thereto), the calculations used to determine such amounts, and the actual proration of all other amounts required by this Agreement (the "Final Settlement Statement"). No later than fifteen (15) days after Buyer's receipt of the Final Settlement Statement from Seller, Buyer shall deliver to Seller written notice setting forth any changes to the Final Settlement Statement proposed by Buyer. On or before fifteen (15) days after Seller's receipt of Buyer's proposed changes to the Final Settlement Statement, Buyer and Seller shall agree on the Final Settlement Statement and, as the case may be, shall pay to the other such sums as may be found to be due in the final accounting. All amounts paid pursuant to this Section 6.1 shall be delivered by wire transfer of immediately available U.S. funds to the account specified in writing by the relevant Party. If Buyer and Seller are unable to agree on the Final Settlement Statement on or before fifteen (15) days after Seller's receipt of Buyer's proposed changes to the Final Settlement Statement, then Buyer and Seller shall submit all unresolved claims and amounts to binding arbitration in accordance with the terms of Section 8.14.

6.2 Further Cooperation. After the Closing Date, Buyer and Seller shall execute and deliver, or shall cause to be executed and delivered from time to time, such further instruments of conveyance and transfer, and shall take such other actions as either Party may reasonably request, to convey and deliver the Assets to Buyer, to perfect Buyer's title thereto, and to accomplish the orderly transfer of the Assets to Buyer in the manner contemplated by this Agreement. If, after the Closing Date, either Party receives monies belonging to the other, such amounts shall be promptly disbursed to the Party entitled to receive them. If an invoice or other evidence of an

obligation is received by a Party, which is either an obligation assumed by the other Party or partially an obligation of both Seller and Buyer, the Parties shall consult with each other, and an adjustment for such amount will be made either on the Final Settlement Statement, or, if the evidence of the obligation is not received until after the completion of the final accounting pursuant to Section 6.1, in cash as the Parties may agree. If Seller and Buyer are unable to agree on the disposition of such an obligation, Seller and Buyer shall submit the matter to binding arbitration in accordance with the terms of Section 8.14.

6.3 Undisbursed Revenues. As an adjustment pursuant to Section 2.3 (c) Seller shall disburse to Buyer all monies (if any) relating to the Assets that Seller is obligated to pay or disburse to other Persons (including, without limitation, amounts held in suspense by Seller) that, as of the Closing Date, have not been thus paid or disbursed. Buyer warrants to Seller that it will take and apply such funds in a manner consistent with prudent oil and gas business practices to satisfy the Claims of third Persons with respect to such monies. Seller agrees to cooperate with Buyer following the Closing to assure the proper disbursement of any such funds. Buyer further warrants to Seller that it shall disburse all received proceeds derived from the sale of all merchantable Hydrocarbons produced from or allocable to the Properties prior to the Effective Date but not yet received by Seller, less amounts payable as royalties, overriding royalties and other burdens upon such Hydrocarbons and Property-Related Taxes.

6.4 Filings, Notices and Certain Governmental Approvals.

(a) Promptly after the Closing, Buyer shall (i) file and record the counterparts of the Conveyances executed at the Closing with all applicable Governmental Authorities and in all relevant public real property or other records, (ii) send notices to vendors supplying goods and services for the Assets of the assignment of the Assets to Buyer, (iii) if required by applicable Laws, actively pursue the unconditional approval by all applicable Governmental Authorities of the Conveyance and the designation of Buyer as the operator of the relevant Assets, and (iv) actively pursue all other consents and approvals that may be required in connection with the assignment of the Assets to Buyer, and the assumption of the Assumed Liabilities hereunder, and that shall not have been obtained prior to Closing. Buyer obligates itself to take any and all action required by any jurisdictional Governmental Authority in order to obtain such unconditional approval, including, without limitation, the posting of any and all bonds, guaranties, or other forms of security or financial assurance that may be required in excess of its existing lease, pipeline, or area-wide bond(s). If requested by Buyer, Seller agrees to use all reasonable efforts to cooperate and assist Buyer in the activities contemplated by this Section 6.4, and Buyer shall reimburse Seller for all reasonable, actual out-of-pocket expenses incurred by Seller in such regard.

(b) Until the approval by the relevant Governmental Authorities of the Conveyance referred to in Section 6.4(a) is obtained with respect to a particular Asset, however, the following shall occur:

- (i) Seller shall continue to hold the operating rights and record title to the applicable Asset as nominee for Buyer;
- (ii) the Assumed Liabilities shall include any and all Assumed Liabilities relating to such Asset accruing during the period from the

Closing Date until the approval of the relevant Governmental Authority has been received;

- (iii) Seller shall act as Buyer's nominee with respect to such Asset but shall be authorized to act only upon and in accordance with Buyer's specific written instructions, and Seller shall have no authority, responsibility, or discretion to perform any tasks or functions with respect to such Asset other than those which are purely administrative or ministerial in nature, unless otherwise specifically requested and authorized by Buyer in writing; and
- (iv) Seller shall, if and as requested by the Buyer or Government Authorities, appoint the Buyer as operator of the Assets.

6.5 Other Regulatory Filings. The Parties acknowledge that, as a company with a class of securities registered under the *Securities and Exchange Act of 1934*, as amended, Seller is required to make certain disclosures and filings with the Securities and Exchange Commission including both pre-closing and post-closing, in regards to the entry into and approval of this Agreement and the related Transactions.

ARTICLE VII. DEFAULT AND REMEDIES

7.1 This Agreement may be terminated at any time (except where otherwise indicated) prior to the Closing, (unless otherwise set forth below), as follows:

- (a) by mutual written consent of Buyer and the Seller;
- (b) by Buyer, (i) if there has been a breach or failure to perform any covenant or agreement on the part of the Seller that causes any of the conditions provided in Sections 5.3(a) or 5.3(c) not to be met and such breach or failure has not been cured (if curable) within ten (10) Business Days following receipt by the Seller of written notice of such breach describing the extent and nature thereof in reasonable detail, or (ii) if there has been any event, change, occurrence or circumstance that renders the representations and warranties set forth in Section 3.1 incapable of being accurate by November 25, 2014 (the "Outside Date");
- (c) by the Seller, (i) if there has been a breach or failure to perform any covenant or agreement on the part of Buyer or Buyer Sub that causes any of the conditions provided in Section 5.3(b) not to be met and such breach or failure has not been cured (if curable) within ten (10) Business Days following receipt by Buyer of written notice of such breach describing the extent and nature thereof in reasonable detail, or (ii) there has been any event, change, occurrence or circumstance that renders the representations and warranties set forth in Section 3.2 incapable of being accurate by the Outside Date;
- (d) by either Buyer or the Seller on or after the Outside Date if the Closing shall not have occurred by the close of business on such date (unless the failure to consummate the Closing is attributable to a breach of this Agreement on the part of the Party seeking to terminate this

Agreement); provided, however, that the terminating party is not in material default of any of its obligations hereunder; or

(e) by Buyer, if Buyer and Seller are unable to agree on an adjustment to the Consideration under Section 4.4; or

(f) by Buyer if the Seller does not validly assign and convey the Working Interest and/or Net Revenue Interest with respect to each Asset as specified in Exhibit "B" to Buyer at Closing.

7.2 Procedure Upon Termination.

In the event of termination and abandonment by Buyer or the Seller, or both, pursuant to Section 7.1 hereof, written notice thereof shall forthwith be given to the other Party or Parties and this Agreement shall terminate, the Parties will jointly agree to release the Performance Deposit to Buyer and the purchase of the Assets shall be abandoned, without further action by Buyer or the Seller.

7.3 Effect of Termination.

Upon the termination of this Agreement in accordance with Sections 7.1 and 7.2 hereof, Buyer and the Seller shall be relieved of any further duties and obligations under this Agreement after the date of such termination; provided, that no such termination shall (i) relieve any Party hereto from liability for any willful breach or fraud by a Party of this Agreement or (ii) relieve any Party from liability for any obligation under this Agreement that expressly survives termination of this Agreement. The obligations of the Parties set forth in Section 7.4 and Section 7.5 hereof shall survive any such termination and shall be enforceable after such termination.

7.4 Buyer Fees.

(a) The Seller agrees that, in order to compensate Buyer for the direct and substantial damages suffered by Buyer in the event of termination of this Agreement under certain circumstances, which damages cannot be determined with reasonable certainty, the Seller shall pay to Buyer the Buyer Termination Fee (as defined below) upon the termination of this Agreement by Buyer pursuant to Sections 7.1(b) or 7.1(f). For purposes of this Agreement, the term "Buyer Termination Fee" means an amount equal to one hundred thousand and 00/100 dollars (\$100,000.00).

(b) The Buyer Termination Fee, shall be paid by the Seller as directed by Buyer in writing in immediately available funds on the date(s) specified above, or, if no such date is specified, not later than three Business Days after the date of the event giving rise to the obligation to make such payment.

(c) The Seller acknowledges that the agreements contained in this Section 7.4 are an integral part of the transactions contemplated by this Agreement. In the event that the Seller shall fail to pay the Buyer Termination Fee, when due, the Seller shall reimburse Buyer for all reasonable costs and expenses actually incurred or accrued by Buyer (including reasonable fees

and expenses of counsel) in connection with the collection under and enforcement of this Section 7.4, in addition to the Buyer Termination Fee.

7.5 Seller Fees.

(a) Buyer agrees that, in order to compensate the Seller for the direct and substantial damages suffered by the Seller in the event of termination of this Agreement under certain circumstances, which damages cannot be determined with reasonable certainty, Buyer shall pay to the Seller the Seller Termination Fee (as defined below) upon the termination of this Agreement by the Seller pursuant to Section 7.1(c). For purposes of this Agreement, the term "Seller Termination Fee" means an amount equal to \$100,000.00.

(b) The Seller Termination Fee, shall be paid by Buyer as directed by the Seller in writing in immediately available funds on the date(s) specified above, or, if no such date is specified, not later than three Business Days after the date of the event giving rise to the obligation to make such payment.

(c) Buyer acknowledges that the agreements contained in this Section 7.5 are an integral part of the transactions contemplated by this Agreement. In the event that Buyer shall fail to pay the Seller Termination Fee when due, Buyer shall reimburse the Seller for all reasonable costs and expenses actually incurred or accrued by the Seller (including reasonable fees and expenses of counsel) in connection with the collection under and enforcement of this Section 7.5 in addition to the Seller Termination Fee.

**ARTICLE VIII.
MISCELLANEOUS**

8.1 Survival. Except as provided elsewhere herein, all representations, warranties, covenants, agreements, and indemnities of Buyer and Seller under this Agreement shall survive the Closing and the delivery of the Conveyance but shall not be merged with or into the Conveyance, regardless of any investigation at any time made by or on behalf of Buyer or Seller, or of any information that Buyer or Seller may have with respect thereto. Such survival does not obligate any Party to make any further representation or warranty after the Closing Date, or to cause any representation or warranty made hereunder to remain true and correct after the Closing Date. Notwithstanding the forgoing provisions of this Section 8.1, non-title warranties shall only survive for thirty six (36) months after Closing unless, prior to the end of such thirty six (36) month time period, the non-breaching party gives written notice of the breach thereof to the breaching party. Time is of the essence in this Agreement.

8.2 Limitation on Damages. For the breach or non-performance by any Party of any representation, warranty, covenant, or agreement contained in this Agreement, the liability of the obligor shall be limited to direct actual damages only, except to the extent that the obligee is entitled to specific performance or injunctive relief. **AS BETWEEN THE PARTIES, NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, NEITHER SELLER NOR BUYER SHALL BE LIABLE TO THE OTHER PARTY AS THE**

RESULT OF A BREACH OR A VIOLATION OF ANY REPRESENTATION, WARRANTY, COVENANT, AGREEMENT, OR CONDITION CONTAINED IN THIS AGREEMENT FOR SPECIAL, CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY, OR INDIRECT DAMAGES, LOST PROFITS, OR OTHER BUSINESS INTERRUPTION DAMAGES, IN TORT, IN CONTRACT, UNDER ANY INDEMNITY PROVISION, ARISING BY OPERATION OF LAW (INCLUDING, WITHOUT LIMITATION, STRICT LIABILITY), OR OTHERWISE.

8.3 Exhibits and Headings. All exhibits and schedules referred to in this Agreement are hereby incorporated into this Agreement by reference and constitute a part of this Agreement for all purposes. Each Party and its counsel have received a complete set of exhibits and schedules prior to and as of the date of execution of this Agreement. The headings used in this Agreement are for convenience only and are not intended in any way to limit or expand the terms and provisions of this Agreement.

8.4 Expenses. Except as otherwise specifically provided herein, all fees, costs, and expenses incurred by Buyer and Seller in negotiating this Agreement and in consummating the Transactions shall be paid by the Party incurring the same, including, without limitation, all fees and expenses of agents, representatives, and legal, accounting, and engineering fees, costs, and expenses as well as all amounts payable with respect to any claim for brokerage, finders' fees or other commissions based in any way on any agreements, arrangements or understandings. All required documentary, filing, and recording fees, taxes, and expenses in connection with the filing and recording of the Conveyance and other instruments required to convey title to the Assets to Buyer shall be borne by Buyer.

8.5 Proration of Taxes. Each Party shall assume responsibility for, and shall bear and pay, all federal income taxes, state income taxes, franchise taxes, and other similar taxes (including, without limitation, any applicable interest or penalties) incurred by or imposed upon such Party with respect to the Transactions. Buyer shall assume responsibility for, and shall bear and pay, all Transfer Taxes incurred or imposed with respect to the transfer of the Assets. Seller shall assume responsibility for, and shall bear and pay, all Property-Related Taxes (including any applicable penalties and interest) based upon or measured by the ownership of the Assets or the receipt of proceeds therefrom, and all income taxes attributable thereto, and assessed against the Assets by any taxing authority for the period prior to the Effective Date. Buyer shall be responsible for, and shall bear and pay, all such Property-Related Taxes assessed against the Assets by any taxing authority for any period that begins on or after the Effective Date. For purposes of this Agreement, the foregoing proration of Property-Related Taxes shall be accomplished as an adjustment to the Consideration pursuant to Section 2.3(b)(ii) and, in the case of ad valorem and other property taxes, shall be based upon the ad valorem and other property taxes actually assessed against the Assets for 2014, or, in the absence of such assessments, the ad valorem and other property taxes actually assessed against the Assets for 2014; it being agreed and understood that if the Property-Related Taxes actually imposed on any Asset(s) are different from the estimates made for the purposes of settlement hereunder, then the Parties shall properly adjust such amounts among themselves in accordance with the terms of this Agreement after such taxes are levied and paid. In the event of a conflict between the terms of this Section 8.5 and any other provision of this Agreement, the terms of this Section 8.5 shall govern and control.

8.6 **Assignment.** Neither Seller nor Buyer shall assign this Agreement without the prior written consent of the non-assigning Party. Buyer may however assign, or require Seller to convey, at the time of Closing, interests in the Assets to other parties. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the Parties and their respective successors and assigns.

Upon such determination that any term or other provision is invalid, illegal, or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that the Transactions are fulfilled to the extent possible.

Lexaria Oilfield Sale Completed

KELOWNA, BC—December 10, 2014 - Lexaria Corp. (OTCQB: LXP) (CSE: LXX) (the "Company" or "Lexaria") is pleased to announce the sale of all its Belmont Lake oil assets for \$1.4 million in cash has closed and all money received. Lexaria congratulates the new owners for having purchased a fine asset.

Lexaria has now repaid all outstanding debts. As a result our monthly expenditures have decreased and we are no longer making interest or principal repayments.

“We are very excited about using our new cash reserves to launch PoViva Tea and pursue our alternative-health business plan,” said Chris Bunka, CEO of Lexaria.

Lexaria is working almost around-the-clock to be able to offer PoViva tea to consumers as quickly as possible. We are hoping to be able to announce our ability to accept pre-orders before Christmas.

We are close to unveiling our new 1st generation PoViva website with an announcement pending in the days to come.

Lexaria is asking all its shareholders to spread the word of PoViva Tea and our patent pending process of delivering CBD, in preparation for sales to commence. We also remind all concerned that the CBD-oil derived from agricultural hemp that PoViva uses is legal in all 50 states and never contains more than inconsequential amounts of THC; less than 0.3% .
