**ITEM 4.01 CHANGE IN REGISTRANT'S CERTIFYING ACCOUNTANT.**

***Previous independent registered public accounting firm***

On June 22, 2011, we were advised by Chang Lee LLP, our independent registered public accounting firm, that it merged with the firm of MNP LLP. Except as noted in the paragraph immediately below, the reports of Chang Lee LLP on our financial statements for the year ended October 31, 2010 and for the period December 9, 2004 (date of inception) through October 31, 2010 did not contain an adverse opinion or disclaimer of opinion, and such reports were not qualified or modified as to uncertainty, audit scope, or accounting principle.

The reports of the Chang Lee LLP on our financial statements as of and for the year ended October 31, 2010 and for the period December 9, 2004 (date of inception) through October 31, 2010 contained an explanatory paragraph which noted that there was substantial doubt as to our ability to continue as a going concern since we have not yet received revenues from sales of products or services, and have not yet commenced business operations. These factors created substantial doubt about our ability to continue as a going concern.

During the years ended October 31, 2010 and for the period December 9, 2004 (date of inception) through October 31, 2010, and through June 22, 2011, we have not had any disagreements with Chang Lee LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to Chang Lee LLP's satisfaction, would have caused it to make reference to the subject matter of the disagreements in its reports on our consolidated financial statements for such year or in connection with its reports in any subsequent interim period through the date of resignation.

During the years ended October 31, 2010 and October 31, 2009, and through June 22, 2011, there were no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K.

On June 22, 2011, we delivered a copy of this report to Chang Lee LLP. Chang Lee LLP issued its response. The response stated that it agreed with the foregoing disclosure. A copy of Chang Lee LLP's response is attached hereto as Exhibit 16.1.

***New independent registered public accounting firm***

MNP LLP assumed our engagement of Chang Lee LLP. Accordingly our new independent registered public accounting firm is MNP LLP, 2300 – 1055 Dunsmuir Street, P. O. Box 49148, Vancouver, British Columbia V7X 1J1 and its telephone number is 604-678-6133. Our board of directors approved MNP LLP as our principal independent accountant on June 22, 2011. We have not consulted with MNP LLP on any accounting issues prior to engaging them as our new auditors.

---

During the two most recent fiscal years and through the date of engagement, we have not consulted with MNP LLP regarding either:

1. The application of accounting principles to any specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and neither a written report was provided to us nor oral advice was provided that MNP LLP concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or
2. Any matter that was either subject of disagreement or event, as defined in Item 304(a)(1)(iv)(A) of Regulation S-B and the related instruction to Item 304 of Regulation S-B, or a reportable event, as that term is explained in Item 304(a)(1)(iv)(A) of Regulation S-B.

**Item 7.01 Regulation FD Disclosure.**

A copy of the news release announcing the merger of Chang Lee LLP with MNP LLP as our independent registered public accounting firm, as disclosed above under item 4.01 is filed as exhibit 99.1 to this current report and is hereby incorporated by reference.

## **FORWARD-LOOKING STATEMENTS**

This release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Statements which are not historical facts are forward-looking statements. The Company makes forward-looking public statements concerning its expected future financial position, results of operations, cash flows, financing plans, business strategy, products and services, competitive positions, growth opportunities, plans and objectives of management for future operations, including statements that include words such as "anticipate," "if," "believe," "plan," "estimate," "expect," "intend," "may," "could," "should," "will," and other similar expressions are forward-looking statements. Such forward-looking statements are estimates reflecting the Company's best judgment based upon current information and involve a number of risks and uncertainties, and there can be no assurance that other factors will not affect the accuracy of such forward-looking statements. It is impossible to identify all such factors but they include and are not limited to the existence of underground deposits of commercial quantities of oil and gas; cessation or delays in exploration because of mechanical, weather, operating, financial or other problems; capital expenditures that are higher than anticipated; or exploration opportunities being fewer than currently anticipated. There can be no assurance that road or site conditions will be favourable for field work; no assurance that well treatments will have any effect on oil or gas production; no assurance that oil field interconnections will have any measurable impact on oil or gas production or on field operations, and no assurance that the expected new well(s) will be drilled or have any impact on the Company. There can be no assurance that expected oil and gas production will actually materialize; and thus no assurance that expected revenue will actually occur. There is no assurance the Company will have sufficient funds to drill additional wells, or to complete acquisitions or other business transactions. Such forward looking statements also include estimated cash flows, revenue and current and/or future rates of production of oil and natural gas, which can and will fluctuate for a variety of reasons; oil and gas reserve quantities produced by third parties; and intentions to participate in future exploration drilling. Adverse weather conditions can delay operations, impact production, and cause reductions in revenue. The Company may not have sufficient expertise to thoroughly exploit its oil and gas properties. The Company may not have sufficient funding to thoroughly explore, drill or develop its properties. Access to capital, or lack thereof, is a major risk. Current oil and gas production rates may not be sustainable and targeted production rates may not occur. Factors which could cause actual results to differ materially from those estimated by the Company include, but are not limited to, government regulation, managing and maintaining growth, the effect of adverse publicity, litigation, competition and other factors which may be identified from time to time in the Company's public announcements and filings.

*The CNSX has not reviewed and does not accept responsibility for the adequacy or accuracy of this release.*
