The proxy materials are first being made available to our shareholders on or about April 13, 2022.

**Important Notice Regarding the Internet Availability of Proxy Materials
for the Meeting to be Held on May 31, 2022**

All shareholders have the ability to access the proxy materials on the website referred to in the attached Notice of Annual Meeting. Pursuant to rules adopted by the U.S. Securities Exchange Commission (the “**SEC**”), we have elected to send a Notice of Internet Availability of Proxy Materials (the “**Notice**”) to our shareholders instead of mailing printed copies of the proxy materials, unless you have previously elected to receive printed materials. The Notice provides instructions on how to access the proxy materials via the internet and how to request a printed set of the proxy materials at no charge. In addition, the stockholders can elect to receive future proxy materials electronically by email or in printed form by mail, and any such election will remain in effect until terminated by the shareholder. We encourage all shareholders to take advantage of the proxy materials on the internet to help reduce the cost and environmental impact of our shareholder meetings.

The proxy materials are also available at www.proxyvote.com and www.lexariabioscience.com.

What items will be voted at the Meeting?

Our shareholders will vote:

1. to elect the following five nominees, John Docherty, Christopher Bunka, Ted McKechnie, Nicholas Baxter and Albert Reese Jr. as Directors to serve our Company for the ensuing year and until their successors are elected;
2. to ratify the appointment of Davidson & Company LLP as our independent registered public accounting firm for the fiscal year ending August 31, 2022 and to allow Directors to set the remuneration;
3. to approve, on a non-binding, advisory basis the compensation of our named executive officers;

As noted, attendance at the Meeting will be by Event Conferencing and accordingly, only votes cast by registered shareholders attending the Meeting and from validly completed and delivered proxies will be counted. Please follow the instructions provided in the proxy card sent to you.

How does the Board recommend I vote on the proposals?

Our Board recommends that you vote “FOR” the matters noted under items 1 – 4.

Who can vote at the Meeting?

Our Board of Directors has fixed the close of business on **April 4, 2022** as the Record Date for the determination of the shareholders entitled to notice of, and to vote at, the Meeting or any adjournment. If you were a shareholder of record on the Record Date, you are entitled to vote at the Meeting.

As of the Record Date, 5,950,998 shares of our common stock were issued and outstanding and no other voting securities were issued and outstanding. Therefore, a total of 5,950,998 votes are entitled to be cast at the Meeting.

How many votes do you have?

On each proposal to be voted upon, you have one vote for each share of our common shares that you owned on the Record Date. There is no cumulative voting.

How can you Vote?

If you hold shares in your own name as a stockholder of record Common shares can be voted at our Meeting by way of a proxy over the internet or by telephone by following the instructions in the Notice and/or proxy card, or, if you requested to receive printed proxy materials, you may vote by marking, dating and signing the enclosed proxy card and returning it to the address provided. Additionally, you may vote your shares by way of attending the Meeting via Event Conferencing and calling into the toll free line at 1-888-886-7786 or if you reside in Toronto, at 416-764-8658 and voting by way of selecting the appropriate option for each proposal. Shareholders voting by internet or telephone should understand that, while we and the party providing the service through which you may vote by internet or by telephone do not charge any fees to our shareholders for voting in such manner, there may be usage charges from the internet access providers and telephone companies for which you are responsible.

If your shares are held in the name of a stock brokerage account or by a bank, or other nominee (that is, in “street name”): You will receive instructions from the holder of record that you must follow for your shares to be voted. The availability of telephonic or internet voting will depend on your broker's (or other nominee's) voting process. Please check with your broker or other nominee and follow the voting procedure your broker or other nominee provides to vote your shares. If you wish to vote in person via attending the Event Conference Meeting, you must request a legal proxy from your broker or other nominee that holds your shares and email that proxy and proof of identification 48 hours prior to the Meeting to Vanessa Carle, Head of Legal at vcarle@lexariabioscience.com.

YOUR VOTE IS VERY IMPORTANT. We are encouraging our shareholders to vote by proxy even if you plan to attend the Meeting via Event Conferencing and to appoint the nominees noted in our proxy, namely Christopher Bunka, our Chief Executive Officer, or John Docherty, our President, to represent such shareholder at our Meeting.

Valid proxies will be voted at our Meeting and at any postponements or adjournments thereof as you direct in the proxy, provided that they are received at least 48 hours (excluding Saturdays, Sundays and statutory holidays) prior to the scheduled time of the Meeting, or any adjournment thereof.

The common shares represented by the proxy will be voted, or withheld from voting, as directed in the proxy. If no direction is given and the proxy is validly executed, the proxy will be voted: (1) FOR the election of the nominees for our Board of Directors; (2) FOR the approval and ratification of the appointment of Davidson & Company LLP as our Company's auditors for the 2022 fiscal year and the approval to allow the Directors to set the remuneration; (3) FOR the compensation paid to the Company's named executive officers; and (4) FOR the ratification and approval of all lawful acts of the Directors. If any other matters properly come before our Meeting, the persons authorized under the proxies will vote upon such other matters in accordance with their best judgment, pursuant to the discretionary authority conferred by the proxy.

Quorum

A quorum of shareholders is necessary to take action at our Meeting. Currently, the holders of at least 33.33% of our issued shares entitled to vote as at the Record Date, present in person (via Event Conferencing) or by proxy, shall constitute a quorum for the transaction of business at our Meeting. However, if a quorum is not present, then the holders of a majority of the common shares of our Company who are present at the Meeting, in person (via Event Conferencing) or by proxy, may adjourn such meeting from time to time until it is determined that holders constituting the required quorum of the issued common shares of the capital stock shall attend. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the original meeting. Broker non-votes occur when a nominee holding common shares for a beneficial owner of those common shares has not received voting instructions from the beneficial owner with respect to a particular matter and such nominee does not possess or choose to exercise discretionary authority with respect thereto. Broker non-votes and abstentions will be included in the determination of the number of common shares present at our Meeting for quorum purposes but will not be counted as votes cast on any matter presented at our Meeting.

YOUR VOTE IS IMPORTANT. ACCORDINGLY, YOU ARE ASKED TO COMPLETE AND RETURN YOUR PROXY PURSUANT TO ONE OF THE METHODS AVAILABLE WHETHER OR NOT YOU PLAN TO ATTEND OUR MEETING VIA EVENT CONFERENCING.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, it means that you hold shares registered in more than one name or in different accounts. To ensure that all of your shares are voted, please vote by proxy by following instructions provided in each proxy card. If some of your shares are held in "street name," you should have received voting instructions with these materials from your broker, bank or other nominee. Please follow the voting instructions provided to ensure that your vote is counted.

What vote is required for the election of Directors or for the approval of a proposal?

The vote of a majority of our stock held by shareholders present in person or represented by proxy and entitled to vote at the Meeting will be sufficient to elect Directors. For the election of Directors, the nominees who receive more "For" votes than the combined "Against" votes and votes that are abstained, will be elected as Directors. There is no cumulative voting in the election of Directors.

The vote of a simple majority of our stock held by shareholders present in person or represented by proxy and entitled to vote at the Meeting will be sufficient to ratify the appointment of Davidson & Company LLP as our independent registered public accounting firm for the fiscal year ending August 31, 2022 and to allow Directors to set the remuneration.

The vote of a simple majority of our stock held by disinterested shareholders present in person or represented by proxy and entitled to vote at the Meeting will be sufficient to approve, on a non-binding basis, the compensation to be paid to the named executive officers.

The vote of a simple majority of our stock held by shareholders present in person or represented by proxy and entitled to vote at the Meeting will be sufficient to ratify and approve all lawful acts of the Directors effected since the last shareholder meeting.

Counting of Votes

All votes will be tabulated by Vanessa Carle, the Company's Secretary who will serve as the inspector of elections appointed for the Meeting, who will separately tabulate affirmative and negative votes and abstentions. Shares represented by proxies that reflect abstentions as to a particular proposal will be counted as present and entitled to vote for purposes of determining a quorum. Shares represented by proxies that reflect an abstention or broker "non-vote" will be counted as present and entitled to vote for purposes of determining a quorum. An abstention or broker "non-vote" will be treated as not-voted for purposes of determining approval of a proposal and will not be counted as "for" or "against" that proposal. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary authority or does not have instructions from the beneficial owner.

Can I change my vote after submitting my proxy?

Yes. You may revoke your proxy and change your vote at any time before the final vote at the Meeting. If you are a shareholder of record, you may vote again on a later date via the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the Meeting will be counted) or by signing and returning a new proxy card with a later date. You may also request that your prior proxy be revoked by delivering to our Company, at the address on the Notice of Meeting, Attention: Secretary, a written notice of revocation prior to the Meeting being held at the offices of Lexaria. **Any revocation of proxy or later dated proxy MUST BE RECEIVED by 9:00 a.m. prior to the commencement of the Meeting.**

If you hold your shares in street name, you will need to follow the voting instructions provided by your broker, bank or other nominee regarding how to revoke or change your vote.

How can I attend the Event Conferencing Meeting?

You may call **(416) 764-8658** if you live in Toronto, Ontario, otherwise you can call toll-free at **1-888-886-7786** if you wish to participate in the Event Conferencing Meeting to hear the business of the Meeting, to vote on the proposals and to listen to the question and answer session. When we come to each proposal that requires a vote, we will have the moderator provide instructions on the process for asking questions for the purposes of discussion on the proposal. Once the questions have been responded to, the moderator will provide instructions on the method of voting on the proposal.

In addition to the matters described in the Notice of Annual Meeting of Shareholders and the Proxy Statement, we will be conducting a question and answer session after the termination of the meeting (the "Q & A Session"). **The Q & A Session will entail the Chief Executive Officer answering questions that were submitted in advance of the Meeting; it should be noted that no new questions will be taken from attendees during the Q & A session.** In order to ensure that we are able to address as many general questions as possible, we encourage you to forward your questions in advance of the meeting by emailing our Head of Legal, Vanessa Carle at vcarle@lexariabioscience.com who will then ensure that they are answered at the end of the meeting

We are soliciting proxies for use at our Event Conferencing Meeting primarily by mail. In addition, our Directors, officers and regular employees may solicit proxies by telephone, facsimile, mail, other means of communication or personally. These individuals will receive no additional compensation for such services. All proceedings of the Board of Directors were conducted either at such formal meetings and evidenced by way of minutes of such proceedings or by way of resolutions consented to in writing by all the Directors. Such resolutions consented to in writing by the Directors entitled to vote on that resolution at a meeting of the Directors are, according to the Nevada Revised Statutes and our Bylaws, as valid and effective as if they had been passed at a meeting of the Directors duly called and held.

It is our policy to invite Directors to attend the Meeting of shareholders. However, due to concerns over non-essential travel only our Chief Executive Officer shall physically be at our head office conducting the Meeting with our other Directors attending the Meeting via Event Conferencing. For the Company's 2021 shareholder meeting, the Chief Executive Officer attended in person with the remaining Board of Directors attending via Event Conferencing.

Committees of the Board of Directors

Compensation Committee

The Company created a compensation committee on July 2, 2020 and during the fiscal year ended August 31, 2021 the compensation committee held one (1) meeting. Currently the compensation committee consists of Nicholas Baxter and Ted McKechnie, all Directors being “independent” pursuant to Nasdaq independence standards.

The compensation committee's purpose is to review, consider, research and recommend compensation for the Company's executive management, taking into consideration achieved milestones, the compensation issued by companies of similar size and the overall financial health of the Company. In addition, the compensation committee is also responsible for approving and reviewing employment agreements and benefits agreements as well as any executive compensation information that is incorporated into the Company's periodic reports. The compensation committee operates pursuant to a written charter adopted by our Board of Directors, which was most recently created on July 2, 2020. A copy of the compensation committee charter can be downloaded from the Company's website under our Investors/Governance/Governance Documents tab.

Governance and Nominating Committee

The Company created a governance and nominating committee (the "G & N Committee") on December 8, 2020 in anticipation of its Nasdaq listing. Currently the members of the G & N Committee are Albert Reese Jr. and Nick Baxter, all of whom qualify as independent Directors of the Company. The purpose of the G & N Committee is to assist the Board of Directors with fulfilling its responsibilities by: (i) being satisfied that corporate governance guidelines are adopted, disclosed and applied including director qualification standards, director responsibilities, director access to management and independent advisors, director compensation, director orientation and continuing education, and annual performance evaluation of the Board; (ii) identifying individuals qualified to become new Board members and recommending to the Board the nominees for each annual meeting of shareholders of the Corporation; and (iii) such other matters delegated to the Committee by the Board. The G & N Committee operates pursuant to a written charter adopted by our Board of Directors which was most recently created on December 8, 2020. A copy of the G & N Committee charter can be downloaded from the Company's website under our Investors/Governance/Governance Documents tab.

The Board of Directors has a critical role in guiding our strategic direction and overseeing the management of our business, and accordingly, we seek to attract and retain highly qualified directors who have sufficient time to engage in the activities of the Board of Directors and to understand and enhance their knowledge of our industry and business plans. In evaluating the suitability of individual candidates, the G & N Committee and Board of Directors may take into account many factors, including: relevant education, experience and expertise; knowledge of the Company and the issues facing the Company; whether the candidate will strengthen the Board, as a whole, and remedy any perceived deficiencies in the specific criteria; moral and ethical character; diversity of expertise and experience in substantive matters pertaining to our business relative to other board members; diversity of background and perspective, including, but not limited to, with respect to age, gender, race, sexual orientation, place of residence and specialized experience; and any other relevant qualifications, attributes or skills. The core competencies of directors should address accounting or finance experience, market familiarity, business or management experience, industry knowledge, customer-base experience or perspective, crisis response, leadership, and/or strategic planning. The Board of Directors and the G & N Committee evaluate each individual in the context of the Board as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

Audit and Finance Committee

The Company has an audit and finance committee that has conducted three (3) formal meetings during the fiscal year ended August 31, 2021. Currently our audit committee consists of Albert Reese Jr. (since January 14, 2021), Nicholas Baxter, and Ted McKechnie. Until Mr. Reese's appointment, Chris Bunka acted as the third member of the audit and finance committee and was not "independent" pursuant to Nasdaq independence standards due to the fact that he is the Chief Executive Officer of the Company and actively involved in the daily management of the Company. Our audit and finance committee is currently fully independent from the Company and Mr. Reese satisfies the requirement of having an "audit committee financial expert" as defined in Item 407(d)(5) of Regulation S-K.

The audit and finance committee operates pursuant to a written charter adopted by our Board of Directors, which was most recently updated and replaced on December 8, 2020 and a copy of which is attached as Schedule "A" to this Proxy Statement.

It is not the duty of our audit and finance committee to determine that our financial statements are complete and accurate and in accordance with generally accepted accounting principles. Our management is responsible for preparing our financial statements, and our independent registered public accounting firm is responsible for auditing those financial statements. Our audit and finance committee does, however, consult with management and our independent registered public accounting firm prior to the presentation of financial statements to shareholders and, as appropriate, initiates inquiries into various aspects of our financial affairs. In addition, our audit and finance committee is responsible for retaining, evaluating and, if appropriate, recommending the termination of our independent registered public accounting firm and approving professional services provided by them.

AUDIT AND FINANCE COMMITTEE REPORT

Our audit and finance committee oversees our financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal accounting controls.

Our audit and finance committee has reviewed and discussed the audited financial statements for the year ended August 31, 2021 with management.

Our audit and finance committee has discussed with Davidson & Company LLP, Chartered Accountants, our independent registered public accounting firm for the year ended August 31, 2021, the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380) as adopted by the Public Accounting Oversight Board in Rule 3200T.

Our audit and finance committee has received written disclosures and the letter from Davidson & Company LLP required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees) as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and has discussed with Davidson & Company LLP its independence.

Based on the reviews and discussions referred to above, our audit and finance committee recommended to our Board of Directors that the audited financial statements referred to above to be included in our annual report on Form 10-K for the year ended August 31, 2021 for filing with the Securities and Exchange Commission.

Respectfully submitted,

The Audit and Finance Committee of Lexaria Bioscience Corp.

Board Leadership Structure

The positions of our principal executive officer and the chairman of our Board of Directors are served by one individual, Christopher Bunka. We have determined that the leadership structure of our Board of Directors is appropriate, especially given the early stage of our development and the size of our Company.

The Board of Directors oversees our exposure to risk through its interaction with management and receipt from management of periodic reports outlining matters related to financial, operational, regulatory, legal and strategic risks. Risk assessment and oversight are an integral part of our governance and management processes. Our Board of Directors encourages management to promote a culture that incorporates risk management into our corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings, and conducts specific strategic planning and review sessions during the year that include a focused discussion and analysis of the risks facing us. Throughout the year, senior management reviews these risks with the Board of Directors at regular board meetings as part of management presentations that focus on particular business functions, operations or strategies and presents the steps taken by management to mitigate or eliminate such risks.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and Directors, and persons who own more than 10% of our common stock, to file reports regarding ownership of, and transactions in, our securities with the SEC and to provide us with copies of those filings. Greg Downey, Chief Financial Officer. On April 15, 2021, the Company, via KMSC, entered into an employment contract with Mr. Downey providing annual compensation of C\$144,000 with a 10% annual increase. A performance bonus equal to 50% of the annual compensation may be payable upon the completion of certain performance criteria as determined by the board of directors and he is also entitled to participate in the Company's approved stock option plan. An annual professional development allowance of C\$5,000 is also available to Mr. Downey. Further the agreement also provides that: (i) compensation in the amount of sixteen times the monthly salary shall be payable upon the completion of any change of control, excluding circumstances where such change of control was necessitated due to financial distress; and (ii) compensation in the amount of 1% of any consideration provided by a purchaser of an affiliate of KMSC is issuable upon the sale of an affiliate, excluding circumstances where such sale was necessitated due to financial distress. The contract specifies that termination without cause clause would result in eight (8) months' pay in lieu of notice.

Allan Spissinger, Former Chief Financial Officer. On December 1, 2019 the Company and Mr. Spissinger, replaced the Management Services Agreement, as amended, made with Mr. Spissinger's company, M & E Services Ltd., with a new Management Services Agreement having a term that ends June 1, 2021 (the **ME Agreement**). The initial compensation issued pursuant to the ME Agreement was a monthly fee of CAD\$11,197.44. Mr. Spissinger is also compensated by way of an independent contractor agreement between M & E Services Ltd. and the Company's subsidiary Lexaria Nicotine LLC (the **Nicotine Agreement**) whereby pursuant to the terms of the Nicotine Agreement, the initial compensation issued was monthly fee of CAD\$2,400. Both the ME Agreement and Nicotine Agreement are subject to an annual increase of 1.25x the prior calendar rate of inflation as published by the Bank of Canada and accordingly, commencing on March 1, 2020, the aggregate monthly fee was raised to CAD\$13,996.80 per month. The ME Agreement and Nicotine Agreement terminated on June 1, 2021.

All compensation paid pursuant to the above-noted agreements that is paid in Canadian currency but reported in US currency is calculated using the Bank of Canada interbank rate as at the last day of the applicable month.

There are no arrangements or plans in which we provide pension, retirement or similar benefits for our executive officers, except that our executive officers may receive stock options at the discretion of our Board of Directors.

Compensation Discussion and Analysis

Our Philosophy on Compensation

At Lexaria, our goal is to positively impact human health and lifestyles through consumer and pharmaceutical products that reduce onset times, reduce dosage quantities, provide healthier administration methods and minimize severe side effects through the incorporation of Lexaria's patented DehydraTECH technology. In order to accomplish this goal, we must attract, engage and retain highly qualified individuals who are able, due to our small size, to fulfill a broad range of business development responsibilities while also creating long-term shareholder value and embracing Lexaria's core values of innovation, high-performance and expertise. Our compensation incentives are designed to align our goals with the long-term interests of our shareholders and partners.

Objectives

When determining compensation payable to our named executive officers, Lexaria considers the following:

Relationship between individual efforts and company performance: We reinforce a high-performance culture by linking annual bonuses payable to our executive officers with company performance. These performance based milestone bonuses are dependent on the successful completion or partial completion of certain corporate objectives approved by the Board of Directors. These corporate objectives encompass a broad spectrum of improvement, including, advancements in Lexaria's technology as evidenced through patents granted or successful results from clinical trials and/or research studies, material financings or strategic partnerships and increased share value.

Attract and retain talented executives: Compensation opportunity is market competitive and reflects the level of job impact and responsibilities. Retention of talent is an important factor in the milestones set for our performance milestones.

Consider shareholder input: Management and the Compensation Committee consider the results of our say-on-pay vote and other sources of shareholder feedback when considering the executive compensation payments.

Say-on-Pay Results for 2019

The last shareholder advisory vote on the executive compensation was provided at the 2019 annual meeting of shareholders whereby the executive compensation described in the Named Executive Officer's employment and/or consulting agreements was approved by a vote of 91.57% with the next shareholder advisory vote being scheduled for this 2022 annual shareholder meeting. As the shareholders had indicated to the Company, by way of their substantial vote in favour, that the compensation being provided to the Named Executive Officers was acceptable and approved, the Company has maintained the forms of compensation as detailed in the above noted employment/consultant agreements.

Compensation Committee's Processes and Analyses

Setting Compensation

Due to the small size of Lexaria, the Chief Executive Officer and the President consider the business objectives and goals of the Company for the ensuing calendar year and provide recommendations to the Compensation Committee for the establishment of performance milestones for the Company's executives and other key employees which will assist in the accomplishment of such objectives and goals at a high level of success. For example, while it may be considered that the completion of three research studies in a year with successful results is achievable, the CEO and President would submit recommendations that the performance milestone to be obtained in order to receive a bonus would be the completion of four research studies in a year with successful results, thus reflecting the core values of innovation, high-performance and expertise.

The Compensation Committee then considers the recommendations of the CEO and President and independently accepts, rejects or amends them, as they deem appropriate, based on their internal discussions, research and/or consultation with the Company's outside lawyers, accountants or any third party consultants.

Payment of Bonus Compensation Based on Success of Performance Milestones

At the end of the calendar year, or shortly thereafter, the CEO and President provide the Compensation Committee with a summary of the Company's overall performance, specifically with consideration to the performance milestone criteria previously established. The Compensation Committee then considers the Company's overall performance and considers whether the applicable performance milestones have been successfully accomplished in their entirety, or if not, to what extent such accomplishments have been successful. Based on such determination, the rate of the performance milestone payable is calculated, being no greater than 50% of the annual salary of the CEO, President and CFO, respectively.

Competitive Pay Assessment

In 2019, the Chief Executive Officer and President entered into new three year contracts whereby, at that time, the Company with the assistance of its legal counsel and after reviewing other Canadian Securities Exchange listed corporations of similar size established the annual salary for such executives (the "**Base Salary**"). The Base Salary is increased annually by an amount that is equal to 1.25 times the inflation rate as published by the Bank of Canada (the "**Annual Increase**"). Since the initial pay negotiation, the CEO and President have not received any salary pay increases other than the Annual Increase and the 2022 Bunka Agreement and 2022 Docherty Agreement carries over the originally negotiated Base Salary, only reflecting the incremental increases resulting from the Annual Increase that occurred since 2020.

Components of our Compensation

Our 2021 executive compensation was composed of three components:

- Base salary;
- Cash bonus (performance milestone, subsidiary sale and change of control); and
- Equity compensation, namely stock options.

Base Salary

As noted under Employment and Consulting Agreements and Competitive Pay Assessment above, each of our named executive officers receives a Base Salary that is increased pursuant to the Annual Increase formula.

Cash Bonus – Performance Milestone

As noted under Employment and Consulting Agreements and above, each of our named executive officers has certain performance milestone goals set for them pursuant to the successful completion of which they are paid a bonus of not more than 50% of their Base Salary.

For the calendar year ended December 31, 2020, the Compensation Committee reviewed the accomplishments of the Named Executive Officers in relation to the goals and bonuses that were previously established pursuant to director approval and the Docherty Agreements and Bunka Agreements, with the establishment of such compensation of the executive officers of the Company, being determined with the guidance of the Company's legal counsel, taking into consideration the financial status of the Company and the compensation issued to persons in parallel positions for similar sized companies in the biotechnology research industry. The bonus payments to the Named Executive Officers was based on the successful completion of such set performance milestones with such bonus payments made by March 2021. For the calendar year ended December 31, 2021, the Performance Based Incentives established by the Compensation Committee focused on the advancement of the Company's intellectual property through the completion of the Company's planned research studies by the end of calendar 2021 with at least 80% of the number of such studies demonstrating statistically significant improvements in active pharmaceutical ingredient absorption and/or performance, the commercial success of the Company by way of the completion of a strategic commercial transaction, the accomplishment of financial performance metrics, obtaining a minimum share price of \$15.00 and completing a successful financing of \$5 million or more, without negative effects to shareholders. The Compensation Committee then presented the milestones and timeframes for the completion of same to the independent board for approval. The approved milestones and timeframes then set a basis for the compensation payable pursuant to the Performance Based Incentives to the Named Executive Officers, with such payments being made by March 31, 2022. All of the milestones established for the payment of Performance Milestone Incentives contained a high level of difficulty to achieve due to various unpredictable outside factors, including supply and service restrictions associated with Covid 19, regulatory approvals, shareholder approvals, ethics board approvals and stock market uncertainty.

Cash Bonus – Affiliate Sale

With respect to the compensation to be issued to the Named Executive Officers for the sale of an affiliate of the Company, it was determined that compensation for these transactions was justified as the sale of an affiliate, (or the material assets of an affiliate), was deemed to represent the development of a strategic asset, namely a subsidiary representing a branch of the Company's technology, that became a desirable acquisition for an established company which would result in significant cash revenue for the Company. The ability of a successful completion of an affiliate sale is subject to several outside factors that require mitigation by the Named Executive Officers, namely, shareholder approvals, valuations, regulatory filings and approvals, negotiation of the terms of the sale, tax considerations and cross border legal considerations for both the Company and the acquiring party.

For the calendar year ended December 31, 2020, the Named Executive Officers earned a cash bonus for an Affiliate Sale, based on the completion of the sale of the majority of assets of the Company's subsidiary, Lexaria CanPharm ULC, in December 2020.

There are no guarantees that another affiliate sale will come to successful fruition and it is anticipated that any such affiliate sale would require active and dedicated contributions from the Named Executive Officers for between three to six months.

Cash Bonus – Change of Control

With respect to compensation provided to the Named Executive Officers in the circumstances of a change of control, this payment may only be made if such change of control was not necessitated due to the Named Executive Officer failing to act in the best interests of the Company, resulting in the Company becoming financial distressed. Compensation for a change of control is provided to the Named Executive Officers as it is considered that such change of control will be linked to Lexaria being taken over by a larger successful company, thus creating increased value for its shareholders. A change of control will be triggered if any of the following events occurs:

- (a) If any individual, partnership, company, society, or other legal entity (a “**Person**”), alone or together with any other Persons with whom it is acting jointly or in concert, becomes the beneficial owner of, or acquires the power to exercise control or direction over, directly or indirectly, such securities (or securities convertible into, or exchangeable for, securities) entitled to more than fifty percent (50%) or more of the votes exercisable by holders of the then-outstanding securities generally entitled to vote for the election of directors (“**Voting Stock**”) of the Company or if any Persons that previously were not acting jointly or in concert commence acting jointly or in concert and together beneficially own, or have the power to exercise control or direction over, securities entitled to more than fifty percent (50%) or more of the votes exercisable by holders of Voting Stock, or have rights of conversion which, if exercised, would permit such Persons to own or control such a percentage of votes;

- (b) The Company is merged, amalgamated or consolidated into or with another Person and, as a result of such business combination, a Person who previously held securities representing less than fifty percent (50%) of the votes exercisable by the holders of the Voting Stock of the Company, either alone or together with any other persons with whom it is acting jointly or in concert, is now, either alone or together with any other persons with whom it is acting jointly or in concert, entitled to hold more than fifty percent (50%) of the votes, exercisable by holders of the Voting Stock of the Company or of such Person into which the Voting Stock of the Company has been converted;
- (c) The capital of the Company is reorganized and a Person, together with any other persons with whom it is acting jointly or in concert, which previously held securities representing less than fifty percent (50%) of the votes exercisable by the holders of the Voting Stock of the Company, now as a result of such reorganization, holds securities entitled to more than fifty percent (50%) of the votes exercisable by the holders of the Voting Stock of the Company;
- (d) The Company sells or otherwise transfers all or substantially all of its assets to another Person and a Person, together with any other persons with whom it is acting jointly or in concert, which previously held securities representing less than fifty percent (50%) of the votes exercisable by the holders of the Voting Stock of the Company, now as a result of such sale or transfer, holds securities entitled to more than fifty percent (50%) of the votes exercisable by the holders of the Voting Stock of the Company; or
- (e) During any period of two consecutive years, individuals who at the beginning of any such period constitute the directors of the Company or constitute the directors of the sole shareholder of the Company, cease for any reason to constitute at least a majority thereof.

Equity Compensation

Equity compensation, namely through the issuance of stock options, to the Named Executive Officers is typically considered in conjunction with each of the Company's directors, employees and, if applicable, consultants. Accordingly, the executive officers review the allotment and value of options currently issued by the Company to its team members and then consider the contributions made by each of the Company's team members during the year. The executive officers then present their suggested option issuance allotment to the independent Board of Directors along with an explanation for such suggested allotments for their review and consideration. After any adjustments are made to the option issuance allotment pursuant to the feedback provided by the independent Board of Directors, the full Board of Directors will then authorize and approve the stock options issuances. While there are no formalized practices in place with respect to the timing of option issuances, the Company uses its best efforts to refrain from issuing stock options until any material non-public information has been released. Lexaria uses equity compensation as a further means to align the interests of its Named Executive Officers with those of its shareholders.

Compensation Plans

As of August 31, 2021, we had one active equity compensation plan, a summary of which follows:

Lexaria Bioscience Corp. Equity Incentive Plan (the "**Incentive Plan**")

On May 1, 2019, the Board of Directors approved the Incentive Plan which was subsequently approved by the Lexaria shareholders on June 20, 2019 at the Company's annual and special meeting. The Incentive Plan permits grants of incentive stock options, nonstatutory stock options, restricted stock, restricted stock units, and stock appreciation rights (collectively the "**incentive securities**") to purchase a maximum of 261,290 common shares, on a post reverse stock split basis, of authorized but unissued or reacquired common stock based on 10% of Lexaria's issued share capital as at May 3, 2019, being the record date of the 2019 shareholder meeting and subject to adjustment for stock splits or consolidations. On June 28, 2021, the shareholders of the Company approved an increase to the maximum number of incentive securities that could be issued under the Incentive Plan so that the Company was authorized to issue up to 510,433 incentive securities, representing 10% of the issued share capital as at the record date of the Company's 2021 shareholder meeting. The purchase price per share deliverable upon the exercise of an incentive security granted under the Incentive Plan shall be determined by the Board of Directors at the time of grant of such incentive security but cannot be less than one hundred percent (100%) of the fair market value per share on the date of the incentive security grant. Further incentive securities issued to persons who own ten percent (10%) of the voting power of all classes of stock of the Company or any of its subsidiaries, shall bear an exercise price of no less than one hundred ten percent (110%) of the fair market value of the Company's shares on the date of grant. Incentive securities granted under the Incentive Plan shall expire on such date as determined by the Board of Directors and set forth in the applicable award agreement, provided, that such date shall not be later than (10) ten years after the date on which the incentive security is granted and, in the case of recipients who hold more than own ten percent (10%) of the voting power of all classes of stock of the Company or any of its subsidiaries, such date shall not be more than five (5) years from the date on which the incentive security is granted.

Eligible participants to the Incentive Plan shall include Directors, officers, employees and consultants of Lexaria and of Lexaria's affiliates. Vesting provisions may be placed on incentive security issuances at the discretion of the Board of Directors, taking into consideration the length of service of the recipient and the number of incentive securities granted. Specifically, options shall terminate on the earlier of: (i) the expiry date; (ii) one year after disability or death of the optionee; or (iii) 30 days after termination of the optionee's services to Lexaria or an affiliate of Lexaria. As at the Record Date, there are currently 321,336, issued and unexercised options under the Incentive Plan with an allowable 189,097 options available for issuance, all being on a post reverse stock split basis.

Our Board of Directors has nominated the persons previously named under **Director Nominees** as candidates for Directors at the Meeting. These nominees are all of our current Directors and information regarding their expertise is provided under the Director Nominees section. Unless otherwise directed, the proxy holders will vote the proxies received by them for the election of: Christopher Bunka, John Docherty, Ted McKechnie, Nicholas Baxter and Albert Reese Jr.

Each Director who is elected will hold office until the next Meeting of Shareholders and until his successor is elected and qualified. Any Director may resign his office at any time and may be removed at any time by the majority of vote of the shareholders given at a special meeting of our shareholders called for that purpose.

Our Board of Directors recommends that you vote FOR the nominees.

Proposal 2
Ratification of the Continued Appointment of the Independent Registered Public Accounting Firm

Our Audit Committee has directed our Board of Directors to ask our shareholders to ratify the continued appointment of Davidson & Company LLP, as our independent registered public accounting firm for the fiscal year ending August 31, 2021 at a remuneration to be fixed by the Board. Davidson & Company LLP was first appointed in 2016 by the Company as its independent registered public accounting firm.

Shareholder ratification of the continued appointment of Davidson & Company LLP is not required under the Nevada corporate law or in our bylaws. However, our Board of Directors is submitting the continued appointment of Davidson & Company LLP as our independent registered public accounting firm to our shareholders for ratification as a matter of corporate practice. If our shareholders fail to ratify the continued appointment, our Board of Directors will reconsider whether or not to retain the firm. Even if the appointment is ratified, our Board of Directors in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if our Board of Directors determines that such a change would be in the best interest of our Company and our shareholders.

Representatives of Davidson & Company LLP are not expected to be present at the Meeting. However, we will provide contact information for Davidson & Company LLP to any shareholders who would like to contact the firm with questions and the firm will be expected to respond to any appropriate questions; however if representatives from Davidson & Company LLP are present at the Meeting, they will have an opportunity to make a statement if they desire to do so.

Unless otherwise directed, the proxy holders will vote the proxies received by them for the ratification of the continued appointment of Davidson & Company LLP as our independent registered public accounting firm for the fiscal year ending August 31, 2022.

At the Meeting the shareholders will be asked to approve the following resolution by a simple majority:

“RESOLVED THAT the continued appointment of Davidson & Company LLP as our independent registered public accounting firm is ratified, approved and confirmed and that the remuneration be fixed by the Board.”

Our Board of Directors recommends that you vote FOR the ratification of the continued appointment of Davidson & Company LLP as our independent registered public accounting firm as our auditors for the fiscal year ending August 31, 2022 at a remuneration to be fixed by the Board.

Proposal 3
Advisory Vote to Approve the Compensation of Our Named Executive Officers

Pursuant to Section 14A of the Exchange Act, as amended (the “Exchange Act”), our shareholders are entitled to vote on whether the advisory shareholder vote to approve executive compensation should occur every one, two or three years, and may also choose to abstain from voting. In 2019, the majority of our shareholders voted to approve executive compensation every three years and accordingly, we are now providing our shareholders with an opportunity to express their views on our named executive officer's compensation for the fiscal year 2021, as disclosed in this Proxy Statement. Assuming there is no change to the Company's current policy regarding the frequency of such advisory vote, it is expected that the next “say-on-pay” vote will occur at our 2025 annual meeting of shareholders, at which time the shareholders will also be given the opportunity to either reaffirm their continued approval of the executive officer compensation every three years or amend such approval to occur every one or two years. Although this advisory vote is non-binding, our Board of Directors will review and consider the voting results when making future decisions regarding our named executive officer compensation and related executive compensation programs.

As described in more detail in the Compensation Discussion and Analysis, our executive compensation program is designed to:

- attract and retain the best executive talent;
- motivate our executives to achieve our financial and business goals; and
- align our executive's interests with those of our shareholders to drive increased shareholder value.

We encourage shareholders to read the Compensation Discussion and Analysis beginning on page 21 of this Proxy Statement, which outlines the current compensation issuable to our named executive officers. The Board of Directors believe that our executive compensation strikes the appropriate balance between utilizing measured pay practices and effectively incentivizing our named executive officers to dedicate themselves fully to create value for our shareholders.

The Board of Directors recommends that shareholders indicate their support for the compensation of our named executive officers. The vote on this resolution is not intended to address any specific element of compensation but rather the overall named executive officer compensation program as described in this Proxy Statement.

Accordingly, we ask our shareholders to vote on the following resolution at the Annual Meeting:

“RESOLVED, that the shareholders approve, on an advisory non-binding basis, the compensation of our named executive officers for the fiscal year 2021, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation table and any other related disclosure in this Proxy Statement.”

Our Board of Directors recommends a vote in favour for the approval of the compensation of our named executive officers.

**Proposal 4
Ratification and Approval of Acts of the Directors**

Since the date of the last meeting of shareholders, the Board of Directors have effected transactions, entered into contracts and have completed other lawful acts by and on behalf of the Company. The shareholders will be asked to approve the following resolution by way of a simple majority:

“RESOLVED THAT the lawful acts of the Directors made by and on behalf of the Company and effected since the date of the last shareholders' meeting are hereby ratified and approved.”

Our Board of Directors recommends a vote in favour for the ratification of the Directors' lawful acts.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No Director, executive officer, or nominee for election as a Director of the Company and no associate of any of the foregoing persons has any substantial interest, direct or indirect, by security holding or otherwise, in any matter to be acted upon at the Meeting, except that our executive officers have an interest in the approval of Proposal 3 with respect to the advisory vote to approve their compensation.

“HOUSEHOLDING” OF PROXY MATERIALS

The SEC permits companies and intermediaries such as brokers to satisfy the delivery requirements for proxy statements and Annual Reports with respect to two or more shareholders sharing the same address by delivering a single Proxy Statement or Annual Report, as applicable, addressed to those shareholders. This process, which is commonly referred to as “householding”, potentially provides extra conveniences for shareholders and cost savings for companies.

Although we do not intend to household for our shareholders of record, some brokers household our proxy materials and Annual Reports, delivering a single copy of the Proxy Statement or Annual Report to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that it will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate copy of the Proxy Statement or Annual Report, or if you are receiving multiple copies of either document and wish to receive only one, please notify your broker. Shareholders who currently receive multiple copies of the Proxy Statement at their address from their brokers and would like to request “householding” of their communications should contact their brokers.

SHAREHOLDER PROPOSALS

Shareholders may submit proposals or director nominations for inclusion by the Company in next year's proxy statement. For your proposal or director nomination to be considered for inclusion in our proxy statement for next year's annual meeting, your written proposal must be received by our corporate secretary at our principal executive office no later than 120 days before the anniversary of the release date of this Proxy Statement, unless the date of next year's annual meeting is changed by more than thirty (30) days from the date of this year's Meeting. If the date of next year's annual meeting is changed by more than thirty (30) days from the date of this year's Meeting, then the deadline is a reasonable time before the Company begins to print and mail its proxy materials. After such date, any shareholder proposal will be considered untimely.

If we change the date of next year's annual meeting by more than thirty (30) days from the date of this year's Meeting, then the deadline is a reasonable time before we begin to print and distribute our proxy materials. You should also be aware that your proposal must comply with SEC regulations regarding inclusion of shareholder proposals in company-sponsored proxy materials, and with any provision in our bylaws regarding the same.

Lexaria Bioscience Corp. expects to hold its next annual meeting of shareholders in May 2023 with proxy materials expected to be published in March 2023. Proposals from shareholders intended to be present at the next annual meeting of shareholders should be addressed to Lexaria Bioscience Corp., 100 – 740 McCurdy Road, Kelowna, British Columbia, V1X 2P7, Canada, Attention: Corporate Secretary. We must receive the proposals by December 14, 2022. Upon receipt of any such proposal, we shall determine whether or not to include any such proposal in the Proxy Statement and proxy in accordance with applicable law. It is suggested that shareholders forward such proposals by Certified Mail-Return Receipt Requested. After March 13, 2023, any shareholder proposal will be considered to be untimely.

As to any proposal that a shareholder intends to present to shareholders other than by inclusion in our proxy statement for our 2023 annual meeting of shareholders, the proxies named in our proxy for that meeting will be entitled to exercise their discretionary voting authority on that proposal unless we receive notice of the matter to be proposed not later than Thursday, January 26, 2023. Even if proper notice is received on or prior to that date, the proxies named in our proxy for that meeting may nevertheless exercise their discretionary authority with respect to such matter by advising shareholders of that proposal and how they intend to exercise their discretion to vote on such matter, unless the shareholder making the proposal solicits proxies with respect to the proposal to the extent required by Rule 14a-4(c)(2) under the *Securities Exchange Act* of 1934.

With respect to business to be brought before the Meeting, we have received no notices from our shareholders that we were required to include in this proxy statement.
